
Project: Assistance for war affected population in Northern Sri Lanka

The Internally displaced families those who lived without any basic facilities and future hopes created them depression about their children future it was identified by RAHAMA in the divisional Secretariat division of Pachilaipalli, Kilinochchi. According to that in 2024 RAHAMA assisted with 18 families those who selected were lived in several places such as welfare centres and some of them as a host family with friends and relatives were claims their rights of the land through providing a plot of land by the respective divisional secretary and Same intervention undertaken in Thenmarachchi /Chavakachery of Jafna for the 11 families the land was donated by the Ponnammah Helping Hands / welfare society of Eluthu mattuval.

The 18 families were provided with 18 nos of temporary Shelter for their safe accommodation and protection, to keep privacy of their life provided with toilets and for safe drinking water they were provided with wells. The home gardening inputs also helped them to cope their day-to-day income and nutritional food for the. The Similar projects were continued from 2017 onwards to the date we build over 187 of the shelters, 180 toilets, 42 dug wells and assisted with 163 home gardening through providing this assistance created with new hopes and got the new housing scheme through government. We made them with new and positive vibration to build value addition to their life with valuable land, shelter and water facilities. It's created to enjoy the basic rights of the education for the children, rights of land and freedom of thoughts of their future.

From 2017 to 2024 build the following units at the Pachchilai Palli division of Kilinochchi.

RAHAMA Similar intervention taken place in the district of Jaffna building the preschool / Early child Learning centres, renovating of the war effected school building and construction the semi-permanent and permanent school buildings , shelters, toilets and wells to resettle the community and to ensure the rights of the life at their own places to enjoy the rights of land, housing and self-plan for their development. Providing this assistance will help the children to advocate their child rights and enjoy the rights of the education.

All these interventions were possible through successfully coordination with respect full government officers in the respective divisional Secretariats and district secretariat of each District.
